

It's our understanding you want to replace K-LOVE with some unknown LPFM station and I'd like to say please don't even consider it. We need a positive and encouraging, praying, God-fearing station that plays good Contemporary Christian Music and without K-LOVE there is NONE!! We have a lot of Christian people in our area that are served by K-LOVE and it would be devastating to lose that. We believe K-LOVE gives an alternative to kids, something good and wholesome, not trashy mouthed with bad lyrics. People old and young, needs to hear positive music, encouraging words, praying DJ's not ashamed of the gospel, and people in news and media bringing the news from a Christian perspective, not politically driven, not trashy, selfish and full of hatred garbage that serves the whole area. Please don't even consider getting rid of K-LOVE anywhere, we need it!!
